EVENT: SWAYAM ONLINE COURSE

DATE: EXAMINATION HELD IN MONTH OF OCTOBER -2023

NAME: Dr M Sulochana, Lecturer in chemistry SYTR GDC Madakasira

SWAYAM ONLINE COURSE CERTIFICATION

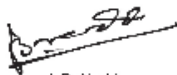

*This certificate is awarded to
Dr Munga Sulochana
for successfully completing the 4 credit course
Basic Organic Chemistry
with a consolidated score of 70%
from the evaluation based on continuous online assessments and the proctored
examination held in month of October 2023.*

Roll No. : AP16010011

This course was offered by B. S. Balaji of Jawaharlal Nehru University, New Delhi

ACTIVITIES FOR THE MONTH OF DECEMBER 2023

NATIONAL POLLUTION PREVENTION DAY

Objective : To Create awareness on students aware, and spread awareness 2nd December 2023 in the industries that cause various pollution like water, air, soil, and noise and affect the environment and obviously health.

Summary : The National Pollution Control Day or National Pollution Prevention Day is observed on December 2 every year in India. The objective of the day is to raise awareness about the different measures to control pollution and the prevention of industrial disasters. On December 2 and December 3, 1984, a harmful chemical - Methyl Isocyanate - along other chemicals got released from a pesticide plant, Union Carbide India Limited, in Bhopal, Madhya Pradesh. The MP government declared 25000 people dead because of the exposure of

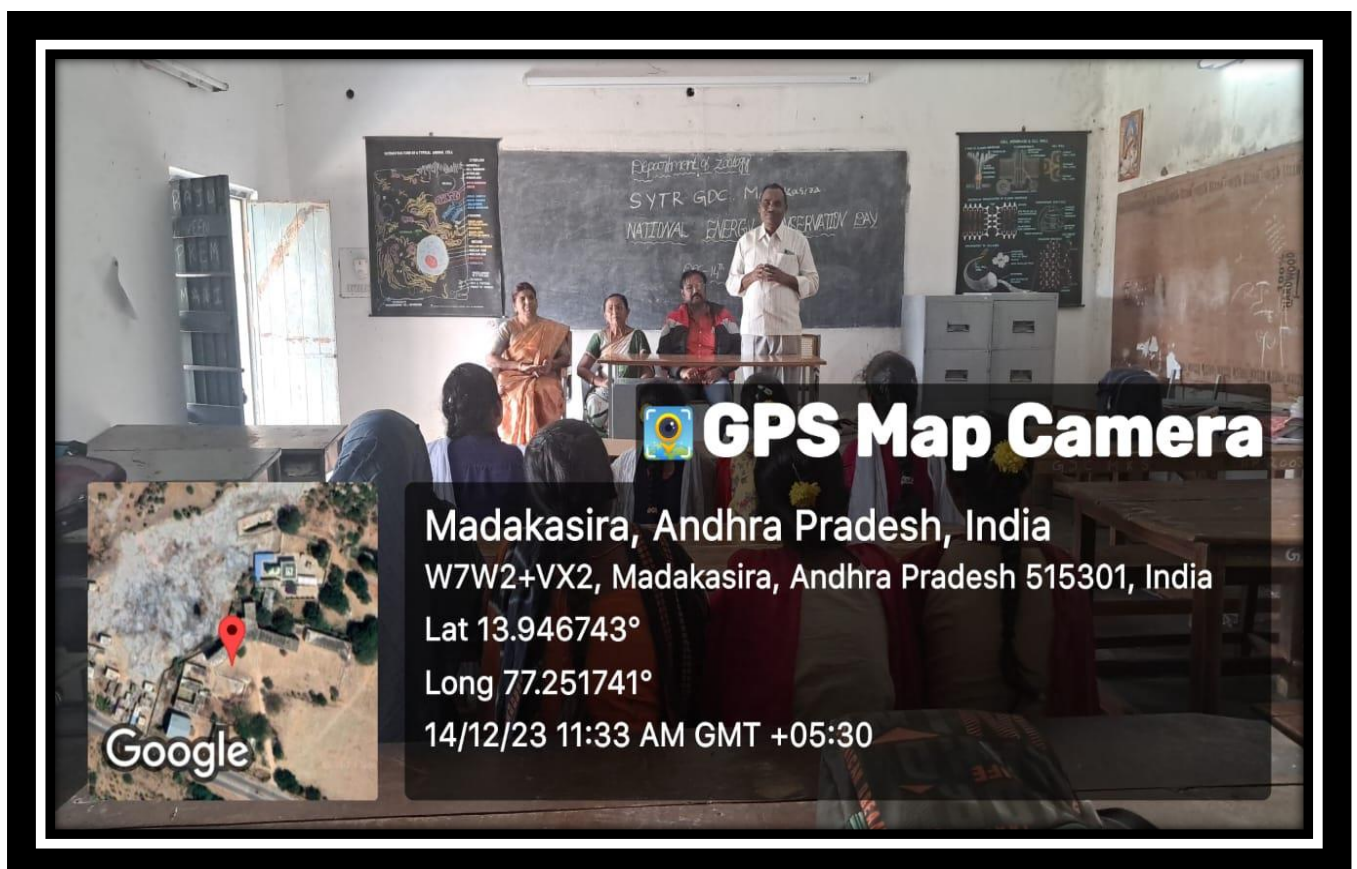

harmful gases. So to aware the students to prevent the pollution to create pollution free environment.

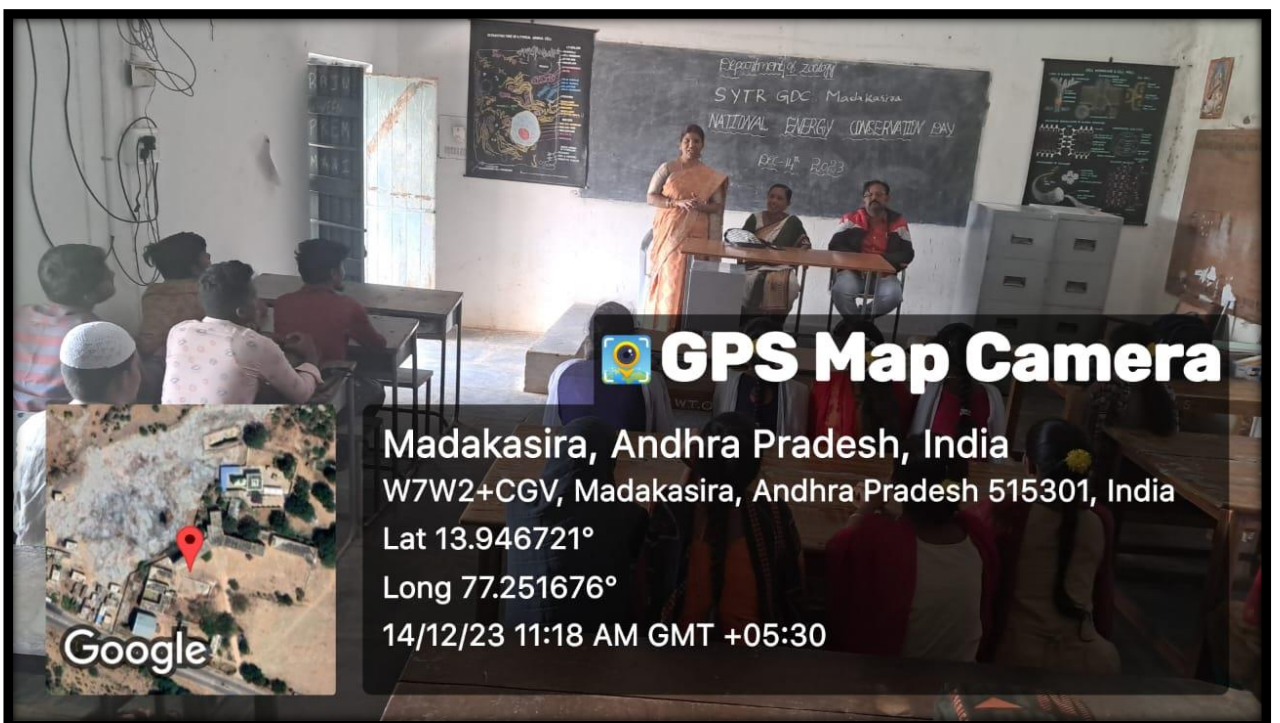

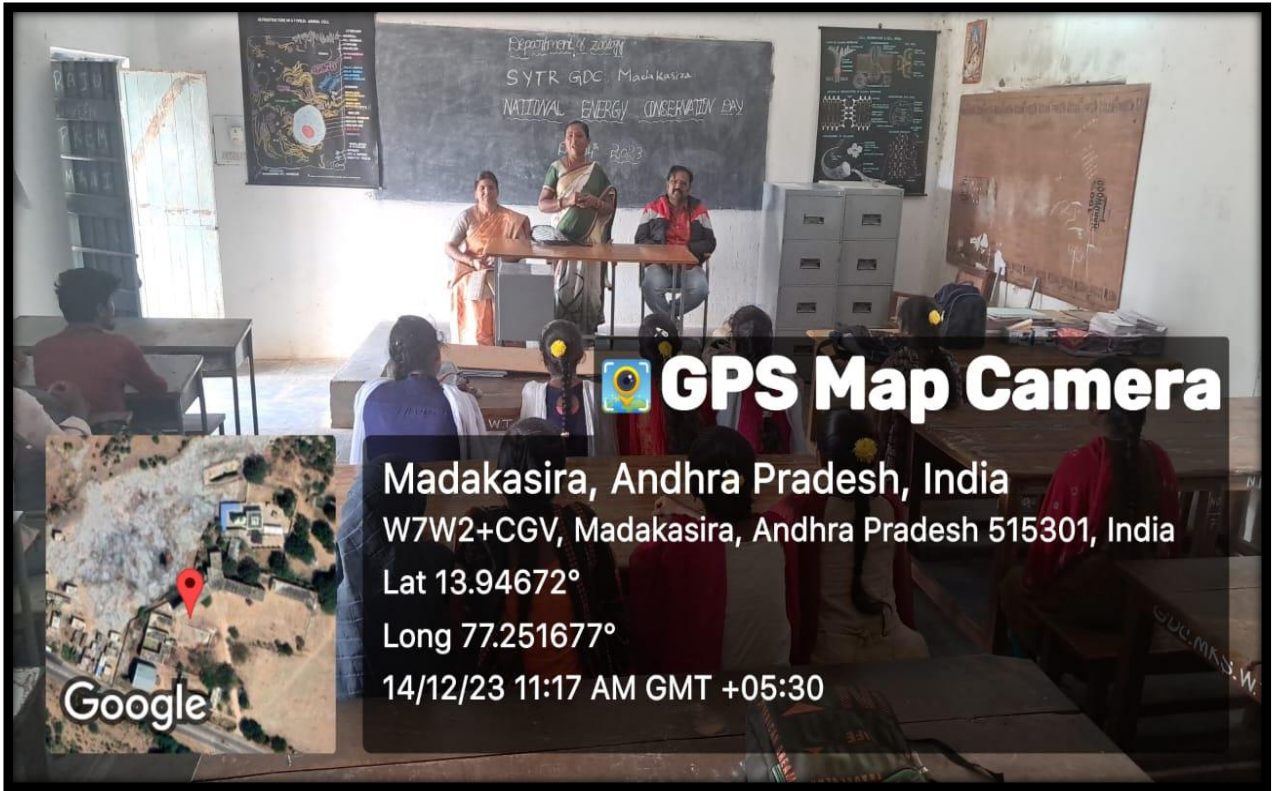

NATIONAL ENERGY CONSERVATION DAY

Objective : To Create awareness on 14th December 2023 in the National Energy Conservation Day 2022: It is observed on 14th December to spread awareness about the importance of energy and the need of conserving energy by using less energy. Know about the date, theme, history, and significance of the day.

Summary : The five things that can be done to conserve natural resources are as follows: Using water judiciously via using less water during day-to-day activities. Turn off lights when not in use. Promoting the use of renewable energy. Implementing the principle of Reduce, Recycle, Reuse. To promote the process of energy conservation, organizing many programs like discussions, conferences, debates, workshops, and competitions in the whole country.

ACTIVITIES NATIONAL SERVICE SCHEME

CULTIVATION OF LEAFY VEGETABLES

Summary : Leafy green vegetables are an important part of a healthy diet. They're packed with vitamins, minerals and fiber but low in calories. Eating a diet rich in leafy greens can offer numerous health benefits including reduced risk of obesity, heart disease, high blood pressure and mental decline. Adding leafy greens to your diet is an easy way to get the vitamins and minerals your body needs for optimal health. Check out these health benefits of leafy greens: Rich in vitamins and minerals such as Vitamin A, Vitamin C, iron, magnesium, potassium and calcium. Support vision and skin health. Adding more green leafy vegetables into your diet can support optimal brain health, fight belly bloat, relieve stress, support bone health, healthy aging, boost digestive enzymes, and tame the toxins, among many other health benefits.

PROTECTION OF PLANTS IN PLANTATION

Summary :Planting trees in colleges is a great way to learn about the earth in a hands-on way. Students not only learn about the value of trees in preventing climate change, improving air quality, and preserving biodiversity, but they also plant and care for saplings, which gives them hands-on experience.

Keep your plants hydrated but ensure not to drown them in water. Overwatering your plants can lead to wilted growth and cause root rot. Water your plants near the roots and not the stem/leaves to stimulate their growth. Reduce the hydration in the cold winter months and increase in the hot summer months.

DEPARTMENT OF MATHEMATICS:

EVENT: National Mathematics Day was celebrated at SYTR GDC on 22nd December 2023 in commemoration of Srinivasa Ramanujan's birthday. The programme was presided over by the principal of the college and under the auspices of the department of Mathematics.

The programme aims to educate the students about the greatness of Srinivasa Ramanujan and the importance of Mathematics.

DEPARTMENT OF HISTORY & ECONOMICS:

EVENT: NATIONAL CONSUMER DAY

DATE: 27-12-2023

No. of Students Participated: 25

No. of Staff Participated : 03

OBJECTIVES : The objectives of consumer awareness include: Right to Information: Consumers have the right to access information about the quality, quantity, strength, standards, and prices of products or services. This empowers them to make informed decisions and protects them from deceptive practices.

DEPARTMENT OF COMMERCE:

EVENT: Today ie on 14_12_2023 conducted Awareness programme on Post Graduation programs Entrance Examinations like PG CET and ICET. Commerce lecturers explained about pattern of both entrance exams and modern objective type questions. In this program 30 commerce students are attended and receive the benefits.

DEPARTMENT OF ENGLISH

EVENT: IQAC organized OJT program on Fundamental of Computers to the students of Government Vocational Junior College, Madakasira and Government Junior College, Gudibanda from 5.12.2023 to 30.12.2023.

ANY OTHER INFORMATION

WORLD AIDS DAY

No.of students attended: 100

No.of Staff Participated: 20

Date 01.12.2023

Objectives. This day aims to create awareness and address the challenges that arise due to HIV/AIDS. There have been massive developments and advancements in the direction of research in HIV/AIDS which plays a critical role in the management of the disease.

WORLD AIDS DAY THEME FOR 2023:

World AIDS Day 2023, under the theme, “Let communities lead”, is an opportunity to reflect on the progress made to date, to raise awareness about the challenges that remain to achieve the goals of ending AIDS by 2030 and to mobilize all stakeholders to jointly redouble efforts to ensure the success of the HIV response.
